

Dr. Karen Neary

“Dr Neary demonstrates every attribute of a professional nursing professor. She has guided me through situations that are outside of the normal circumstances and demonstrates flexibility and initiative. Her enthusiasm in class keep student engaged and her colleagues know she is reliable. I personally have grown in skills and connections in concepts because of her. She strive for student success and it’s evident to all. Highly encouraging!”

Dr. Karen Neary

“Professor Neary is one of those teachers that connects with everyone. She is approachable, caring and absolutely brilliant. Her classes are always well prepared and organized. She takes the time to answer every question thrown her way and is always willing to go the extra mile for her students. You can tell she genuinely cares about us and wants us to succeed. She is a true asset to the school”

Dr. Karen Neary

“Professor Neary is the best instructor at Sentara. I had her for Patho and now Mother and Baby. She is enthusiastic with her teaching. She loves what she teaches and have passion in teaching. She motivates her students to do better so she really makes sure that she teaches everything in class and in her video lectures. She treats everyone fairly, no favoritism, and she really cares for her students. Out of all the Professors, is my number 1 favorite to listen to in video lectures because when she teach, whatever she said in class or video just sticks in my brain. She can explain better in class than the book. I would take her over and over if she teaches all nursing classes.”

Dr. Karen Neary

“Professor Neary has been so helpful to us as students. She ensures we know the information and if not she allows plenty of time for us to come in for extra help. In a crazy first semester, she makes me excited to go to class and learn. She is very patient and understanding when explaining concepts so we don’t feel nervous about asking questions to clarify”
